COMING OF AGE

While it's true that many things grow better with age, the ongoing question is when do objects reach maturity?

When do people reach their prime? When should a business become profitable? How long must a venture be pursued before reaching for the prize?

For the family — the players, staff and fans — of Sounders FC, there's every indication that they are entering prime time. Three years into their journey, they are arriving way ahead of schedule on all fronts.

Most businesses forge a five-year plan to reach profitability. Seattle fans have filled the stands since Day One, with 50 consecutive sellouts while expanding capacity. Initially a shock color, Rave Green is ubiquitous, a staple of the Puget Sounder's wardrobe.

In most American sports, pro teams take an average of six seasons before

reaching the playoffs. Sounders FC have qualified for the MLS playoffs each of the first three years and lifted the Lamar Hunt U.S. Open Cup three times—a feat managed only three other times in the tournament's 99-year history.

In league play, they have averaged more points per game with each successive season. On the international stage, Seattle is also pressing forward. They are the first MLS club to qualify for the CONCACAF Champions League in each of their first three campaigns. Better still, Sounders FC are improving in that competition, advancing to the group stage in 2010-11 and to the knockout rounds in 2011-12.

Such success is typically reserved for the most entrenched clubs. The soccer world is dominated by teams born in the 19th Century.

"Most of the leagues around the world

"Seattle has the second best record in MLS and already is through to the CONCACAF Champions League quarterfinals. To have such success on all competitive fronts given MLS's strict roster limitations is impressive. It's a testament to Schmid's management and his eye for talent and the players' patience and commitment."

are a hundred years old at a minimum," says Sounders FC general manager Adrian Hanauer. "Ours is 15 years old. We're still trying to figure things out and learning who we are."

Yet it was determined well before the 2009 inaugural match that Sounders FC would not be taking baby steps.

"We set high standards, high goals, and went out and did everything we needed so we wouldn't live like an expansion team for the first 3-4 years," says Hanauer.

"Like the fans, I have to remind myself that this club is still so young," admits coach Sigi Schmid. "The expectations were so high from the very beginning that our infancy was short-lived. We really viewed ourselves as an established club early on. We grew up fast and matured very early as a club."

Much of that maturation process was realized in 2011. Nothing came easily. In fact, it seemed as though Seattle was subjected to enough obstacles to torpedo not one, but two seasons.

It began just hours before the first match, with striker Blaise Nkufo parting ways with the club. Top scorer Fredy Montero sustained a fractured wrist. Sounders FC failed to win in any of the first four matches. It got worse.

A brutal tackle broke the leg of star winger Steve Zakuani and O'Brian White, Nkufo's heir apparent up top, was lost to blood clots in his leg. After 11 outings Seattle stood fifth in its division and had just three wins.

A lesser side might have succumbed. Instead, at that juncture, Sounders FC began forging a collective frame of mind to fight on, no matter what the circumstances. They were resolute. They would find a way to win.

Seattle broke down the walls of Real Salt Lake's home fortress, ending a MLS-record 29-match home unbeaten streak. Playing down a man at Toronto, they won

on Montero's last-minute free kick. The wins began multiplying, the points piling up over 11 straight league and cup games without a defeat.

Hanauer credits technical director Chris Henderson, Schmid and the entire coaching staff for building a roster capable of withstanding injuries and fostering a mindset where players could focus on the objective at hand rather than the adversity surrounding them.

"Definitely we added a lot of maturity last year because of the various difficulties that we had to handle," says Schmid. "The team maintained their belief in themselves. We never lost faith in each other.

"When games weren't going our way, we stayed focused," he adds. "We had comeback wins. It might take until the final minute but we would find the right button to be successful in each game."

Further proof of Seattle's arrival came during August: Seven wins and a draw in eight starts. An extra-time victory in the

Champions League. A stoppage-time rally at Kansas City. Playing without several regulars at Monterrey, yet becoming only the second MLS team to prevail on Mexican soil.

Sounders FC was winning every which way possible.

By early October, another Open Cup had been captured and the Rave Green were fast closing in the Supporters' Shield race. If not for a knee injury to talismanic midfielder Mauro Rosales, they might have made a deeper run toward MLS Cup. If there's an upside to a first-round exit, it's the resulting eagerness to begin again.

Approaching 2012, Sounders FC are a force to be feared. They possess three undeniable attributes of a budding champion: abundant talent, a positive belief system and a gnawing hunger for greater success.

"Our goal is to win as many games as we can and win the MLS Cup," Schmid

says. "There are 19 teams in the league and 18 teams will finish disappointed. We want to be the team that's happy, and we want to do it sooner than later."

The bond between Sounders FC players and their fans only grows stronger. The stadium was full and the spirit evident well before the first kick. From there the relationship has become symbiotic.

Wins and trophies beget bigger crowds, tremendous tifos and a passion never before seen from supporters on this continent. When their ranks swelled to more than 64,000 for retiring captain Kasey Keller's final home match, the world took notice.

Schmid said he and the team

have come to expect such displays, yet they will never take it for granted.

"We know they're going to be there for us every game," he says, "and they know we will fight the battle. The team and the fans are trying to meet each other's expectations at every match. From that standpoint I'm amazed every time I step on the field."

Hanauer repeatedly finds the stadium atmosphere astounding. "I'm continually blown away and proud of the history that's being made in soccer in this country."

Keller knows the community's connection to soccer and the Sounders name

"This fan base loves its team, and it never ceases to amaze me when I come into town and do that march to the match and come into the stadium how special it is here in Seattle."

- DON GARBER, MLS COMMISSIONER

"To see 64,000 people, from the beginning, doing that clap thing, this was just an amazing sight. I mean, unless we were playing the Mexican national team, crowds like this were unheard of when we played."

**- BRIAN MCBRIDE, FORMER U.S. NATIONAL TEAM FORWARD,

began long ago, when he was just a boy on an Olympia farm. The history of the NASL and USL teams and the many people behind the scenes who have helped kick-start this phenomenon.

"I'm humbled not just for what the club has done for me and given me the opportunity to come home and finish my career is something that is just so incredibly special," Keller says. "You can ask my friends who were able to fly out, guys who've played around the world and they just can't believe it. They just are so proud of what's going on here in Seattle and I'm just proud to be a small piece of it."

For certain, what's happening in Seattle is special. The world's game has returned and been embraced with eyes

and arms wide open. The club, spurred by such support and guided masterfully by its leaders, has become a source of pride both to the local community and the American soccer community at large.

Given the gains of the first three years, the trajectory for what comes next points to the sky as the limit.

"We've learned a lot of lessons," says Hanauer. "We have a good and deep team, a good and deep staff of coaches and support personnel. We have put ourselves in a position to be one of the best teams in MLS and we're confident in our ability to win. So I have a large degree of hope and confidence that we will be highly successful."

SEATTLE
SOUNDERS FC

PAUL G. ALLEN

OWNER

Paul G. Allen helped bring major league soccer to the Northwest when his Vulcan Sports and Entertainment joined the ownership group behind the Sounders FC. The announcement in 2007 was the result of years of work and enthusiasm on behalf of soccer fans.

Allen had visions of world-class soccer in his hometown soon after purchasing the Seattle Seahawks of the National Football League. Allen bought the club to save pro football in Seattle after the former owners threatened to move the team to southern California. On June 17, 1997, the voters of Washington state approved "Referendum 48" to authorize a public/private partnership to construct a stadium, exhibition center, and parking facilities. One of the keys to the success of the vote was statewide support from the soccer community and its hope to one day see professional soccer, played at the highest level, return to the Northwest.

Growing up in the Seattle, Allen's passion for sports began when he attended University of Washington football games with his father; he later became a basketball fan watching the Seattle Supersonics win the 1979 NBA Championship.

Allen bought the Seahawks in 1996 after community leaders asked him to save the team from being moved to Los Angeles.

"From the beginning of this process, my goals have been to work with the community to create a lasting asset for our future; and to ensure the long-term success of the Seahawks," said Allen at the time of purchasing the franchise. He also wanted to "create a world-class facility for the state of Washington."

That became a reality in 2002 with the opening of the Seahawks Stadium and Exhibition Center, renamed CenturyLink Field and CenturyLink Field Event Center in 2011. An open-air facility which many critics argue is the best venue in the National Football League, CenturyLink Field is home to over 165 events annually ranging from soccer, to Supercross, concerts, graduation ceremonies, and trade shows.

"It exceeds the vision we had originally," Allen

said shortly after the opening of the stadium. "We had a bunch of goals about trying to create a really intimate stadium that would be great for the fans, to have elegant architecture, and I think we've ended up with a fantastic facility."

Allen is one of the nation's best-known and generous philanthropists. He co-founded Microsoft with Bill Gates in 1976 and continues to be an innovator in the world of business and technology. He is founder and chairman of Vulcan Inc., which oversees his philanthropy and business interests. He is also the owner of the NBA's Portland Trail Blazers.

Allen has been named one of the top philanthropists in America – with lifetime giving approaching \$1.5 billion – and is committed to leaving a majority of his estate to support communities throughout the Northwest and internationally. Allen gives back to the community through The Paul G. Allen Family Foundation, which strengthens communities and supports vulnerable populations in the areas of arts and culture, human services, opportunities for youth, and scientific advancement. He also gives directly, including \$256 million in 2010 to Washington State University's School for Global Animal Health.

In 2003 he pledged \$100 million to create the Allen Institute for Brain Science in Seattle. The non-profit Allen Institute is dedicated to accelerating understanding of the human brain in health and disease. It pursues innovative and unprecedented large-scale initiatives that result in public resources, knowledge and tools intended to fuel discovery throughout the broader scientific community. In 2006 the Allen Institute completed its inaugural Allen Brain Atlas project, a Web-based, three-dimensional map of gene expression in the mouse brain, which is openly accessible online and has become a staple resource for brain researchers worldwide. The Institute has since expanded on that project and generated an extensive suite of online public resources that now also include groundbreaking atlases of the spinal cord and the human brain. These resources receive approximately 45,000 visits each month from scientists worldwide, helping to lead them to new insights about neurological function and brain-related diseases and disorders.

Inspired by growing up in the era of the "space race," with its Mercury, Gemini, and Apollo missions, Allen underscored his passion for rocketry by sponsoring the development of SpaceShipOne, the first privately funded spacecraft to successfully attain suborbital space. In 2011, Allen got back into the space business with the formation of Stratolaunch Systems which is developing an innovative airborne launch system. It will utilize the largest aircraft ever manufactured and will provide orbital access to space with greater safety, cost-effectiveness and flexibility. He founded the EMP Museum, Seattle's critically acclaimed interactive music, pop culture and science fiction museum; the Flying Heritage Collection — a collection of rare World War II aircraft restored to flying condition; and Vulcan Productions, the independent film production company behind feature films like *Hard Candy* and *Far From Heaven*, and documentaries and PBS series, including *This Emotional Life*, *Evolution*, the Emmy Award-winning *Rx for Survival: A Global Health Challenge*; and the Peabody Award-winning *Judgment Day: Intelligent Design on Trial*, and *The Blues*, executive-produced by Martin Scorsese in conjunction with Allen and Jo Lynn Allen.

He also worked as a press photographer during the 2006 World Cup in Germany, his efforts chronicled on a Travel Channel show entitled Drew Carey's Sporting Adventures and his photos have appeared in numerous publications.

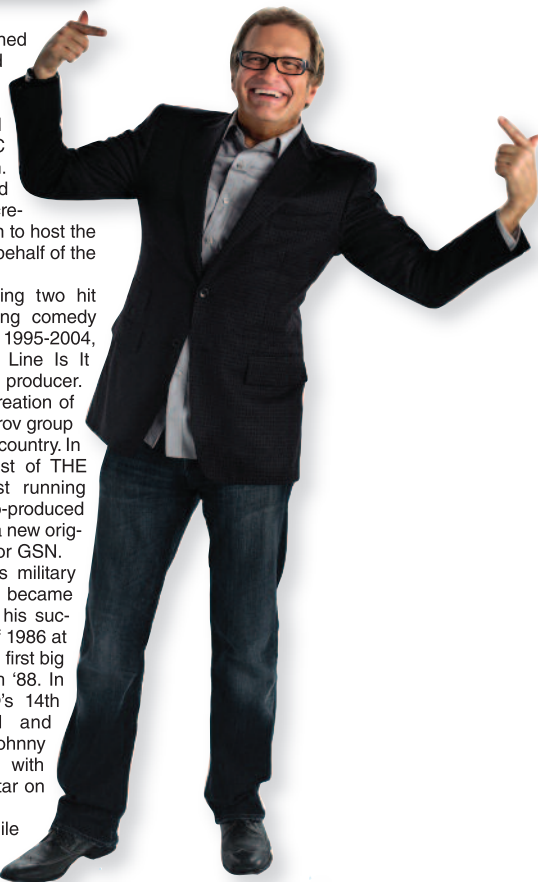

During his travels Carey became fascinated with the empowerment of supporters at such clubs as Barcelona and Real Madrid, where leadership positions are voted upon by the members. He brought that idea to Sounders FC, where members will vote on various matters, most notably the fate of the general manager every four years. Carey is also the driving force for Seattle's 53-piece marching band, Sound Wave. Carey, 53 (5/23/58), is a native of Cleveland, Ohio and currently resides in Los Angeles.

Drew Carey is a stand-up comic turned actor and producer and is now regarded as American soccer's most recognizable supporter. Carey served on the USA Bid Committee, a non-profit organization, created to prepare a successful application to host the FIFA World Cup™ in 2018 or 2022 on behalf of the United States Soccer Federation.

Carey had the distinction of having two hit shows simultaneously: the long-running comedy "The Drew Carey Show," which ran from 1995-2004, and the improv/sketch show "Whose Line Is It Anyway?" on which he was host and a producer. The success of that show led to the creation of "Drew Carey's Improv All-Stars," an improv group that performs in showrooms across the country. In July 2007, Carey was named the host of THE PRICE IS RIGHT, America's longest running game show. He recently starred and co-produced DREW CAREY'S IMPROV-A-GANZA, a new original, improvised sketch comedy show for GSN.

SIGI SCHMID

SIGI SCHMID

HEAD COACH

Named the first head coach of Seattle Sounders FC on Dec. 16, 2008, Sigi Schmid is recognized as one of the most successful coaches in MLS history. Since 1999, Schmid's teams have won nine major titles, including two MLS Cups.

Schmid is the most successful active coach in MLS history and a two-time Coach of the Year. In the 2011 season he guided the Sounders FC to the playoffs for the third consecutive year, becoming the first team in league history to reach the playoffs in its first three seasons.

The Sounders FC also became the first team in 42 years to win three straight Lamar Hunt U.S. Open Cup Championships when they beat Chicago, 2-0, in front of a record crowd on the Xbox Pitch at CenturyLink Field. Seattle defeated D.C. United, 2-1, on the road to win the 2009 title and Columbus at home, 2-1, to win the 2010 title. In 2008, Schmid led his former club, the Columbus Crew, to its first MLS Cup and Supporters' Shield, earning MLS Coach of the Year honors.

From 1999 through 2004 Schmid's L.A. Galaxy teams won four major competitions: 2002 MLS Cup, 2002 MLS Supporters' Shield, 2001 U.S. Open Cup and the 2001 CONCACAF Champions Cup.

He was voted the MLS Coach of the Year in his first season, 1999. Altogether, his Galaxy teams were 79-53-32 and reached the MLS Cup final four times and won three division crowns.

Schmid ranks No. 1 in MLS career victories (157). Overall, Schmid's record in MLS is 157-110-83. His combined postseason win total (20) is the second-highest in MLS history. Schmid (350) has surpassed Bob Bradley's MLS record of 272 career games coached.

Schmid is the only coach in MLS history to coach two different teams to MLS Cup titles. He is one of two to coach in four MLS Cup finals.

Twice Schmid has served as U.S. Under-20 National Team head coach, most recently in 2005 at the FIFA World Championships. Schmid was an assistant to Bora Milutinovic on the Americans' 1994 World Cup team. He also was head coach for the 1991 World University Games and 1995 Pan American Games.

Scores of Schmid's UCLA players have played professionally and internationally, including Sounders FC technical director Chris Henderson (1989-90). Others include Brad Friedel, Cobi Jones, Paul Caligiuri, Eddie Lewis and Carlos Bocanegra.

Schmid first forged a winning tradition at his alma mater, UCLA. After serving as an assistant, he was elevated to head coach of the Bruins in 1980, beginning a 19-year run at the helm. His first NCAA championship was won in 1985 at Seattle's Kingdome. UCLA went on to claim two more national titles in 1990 and '97. Schmid was named national coach of the year following the '97 championship. When he left to take over the Galaxy, his UCLA teams had accumulated a record of 322-63-33.

Schmid is a member of both the National Soccer and UCLA halls of fame. He was presented with the Walt Chyzowych Lifetime Achievement Award following the 2010 season.

Born in Tuebingen, Germany, Schmid relocated with his family to the U.S. in 1956, and to Torrance, Ca., in 1962. He was a four-year starter at UCLA (1972-75). He graduated with a B.S. degree in economics in 1976 and later earned a M.A. in business administration from the University of Southern California. Schmid is a Certified Public Accountant.

He and his wife, Valerie, maintain a residence in Manhattan Beach. He has four children: Erik, Lacey, Kurt and Kyle. Kurt is a Sounders FC assistant coach and scout. Kyle completed his career at UC Irvine in 2008.

The Sounders FC set an attendance record in a Friendly versus Manchester United in 2011.

2009 LAMAR HUNT U.S. OPEN CUP

Seattle became the third first-year franchise in the modern era to win the Lamar Hunt U.S. Open Cup.

Seattle's achievement of claiming the Open Cup in its first season equaled that of D.C. United in 1996 and Chicago, an expansion MLS team in 1998.

The Sounders FC cup run contributors featured a distinctive USL-1 flavor. All six former members of Seattle's forerunner pro-franchise saw action in games in the play-in phase or tournament proper. In fact, they figured in nine of the 12 goals scored. Sebastian Le Toux scored two goals and two assists in the play-in rounds, scored the game-winner in a quarterfinal win over Colorado, and had the game-winning assist to Roger Levesque in the Cup Final.

In addition to his game-winner in the Cup Final Levesque also scored the opening goal at Portland in the third round and assisted on Nate Jaqua's equalizer versus Houston. Stephen King scored three goals in cup play, including the overtime winner against the Dynamo.

The Sounders FC earned one of the four U.S. slots in the 2010-11 CONCACAF Champions League by virtue of the Cup Final victory. The Open Cup winner receives an automatic spot in the Champions League preliminary round. The other berths are determined by the outcome of the MLS regular season and playoffs. CONCACAF is the game's governing body for North America, Central America and the Caribbean.

2010 LAMAR HUNT U.S. OPEN CUP

Playing before a record crowd in the tournament's 97-year history, Sounders FC repeated as Lamar Hunt U.S. Open Cup champions in 2010.

Sanna Nyassi scored twice as Seattle came from behind at home to defeat the Columbus Crew, 2-1, and become the first team in 27 years to successfully retain the Cup. Sounders FC had defeated D.C. United in the 2009 final. The New York Pancyprian Freedoms won back-to-back titles in 1982-83.

The crowd of 31,311 shattered the attendance record for the Cup Final. The largest previous attendance in the 97 years of the tournament was 21,583 for the 1929 game in Brooklyn.

After tying the game in the 38th minute, Nyassi scored the game-winner in the 66th minute. Steve Zakuani's header from a Fredy Montero cross caromed off the crossbar and Nyassi crashed home the rebound from 8 yards.

Sounders FC used a total of 22 players during its Cup run, with striker Nate Jaqua leading the Rave Green into the Final. Jaqua scored in each of the first three matches, including a brace against both the L.A. Galaxy in the quarterfinal round and Chivas USA in the semifinal. He finished as the tournament's co-leader with five goals and was named the competition's outstanding player.

By virtue of the victory Seattle once again earned a berth in the 2011-12 CONCACAF Champions League.

2011 LAMAR HUNT U.S. OPEN CUP

In 2011, Sounders FC became the first team in 42 years and fourth altogether to win the Lamar Hunt U.S. Open Cup three consecutive years.

35,615 fans packed CenturyLink Field—breaking the 98-year-old tournament's attendance record for the second straight year—and watched Seattle defeat the Chicago Fire 2-0 in the final. Fredy Montero broke a scoreless tie in the 78th minute when he rebounded a Jeff Parke header after it was saved by Chicago keeper Sean Johnson, then hammered it into the back of the net. Osvaldo Alonso sent the Sounders faithful into a frenzy when he added the finishing touch—a goal in the 96th minute after weaving his way through multiple defenders. Kasey Keller's shutout was highlighted by four saves.

Montero was named Player of the Tournament after scoring three goals, including the game-winning scores in the semifinal and final. Mike Fucito added two goals and Nate Jaqua recorded a goal and two assists. In addition to his performance in the final, Keller also shut out FC Dallas in the semifinal game.

The last team to win three consecutive US Open Cup championships was Greek American out of New York from 1967-1969. Before that, only Stix, Baer and Fuller from St. Louis had won three straight from 1933-1935 and the Fall River Marksmen from 1930-1932. The tournament win clinches Sounders FC a birth into the 2012-13 CONCACAF Champions League.

2010 CONCACAF CHAMPIONS LEAGUE

In its first foray into international competition Sounders FC advanced to the group stage of the 2010-11 CONCACAF Champions League. Seattle won its two-match aggregate preliminary series, 2-1, over AD Isidro Metapan of El Salvador. It went on to finish fourth in Group C. CF Monterrey of Mexico and Costa Rica's CD Saprissa advanced out of Group C to the quarterfinal series, to be conducted in late February and early March 2011. Having won the 2010 U.S. Open Cup, the Rave Green will return to the Champions League again in 2011-12.

Mike Fucito finished as the leading Sounders FC scorer (tied for 13th overall) with three goals during the group stage. Topped by the crowd of 22,513 against Monterrey, Seattle supporters accounted for four of the top 11 crowds during the preliminary and group stage of the 2010-11 tournament.

MAJOR LEAGUE SOCCER RULES OF COMPETITION

STRUCTURE: The 19 MLS teams are divided into two conferences:

Eastern Conference – Chicago Fire, Columbus Crew, D.C. United, Houston Dynamo, Sporting Kansas City, Montreal Impact, New England Revolution, New York Red Bulls, Philadelphia Union, Toronto FC.

Western Conference – Chivas USA, Colorado Rapids, FC Dallas, LA Galaxy, Portland Timbers, Real Salt Lake, San Jose Earthquakes, Seattle Sounders FC, Vancouver Whitecaps FC.

SCHEDULE: Each team plays a 34-game regular season schedule; 17 home games, 17 away games.

Western Conference – 24 in-conference + 10 out-of-conference games:

- Western Conference teams will play each West opponent three times (24 games):
 - ☐ West teams will play four conference opponents twice at home and once away
 - ☐ They will play the other four conference opponents once at home and twice away.
 - ☐ The home and away games will be reversed in 2013.
- Western Conference teams will play each East opponent once each (10 games):
 - ☐ Five of these will be at home and five will be away.
 - ☐ The East opponents each team faces at home and away will be reversed in 2013.

Eastern Conference – 25 in-conference + 9 out-of-conference games:

- Eastern Conference teams will play 25 games against other East teams:
 - ☐ East teams will play seven conference opponents three times each (21 games) and
 - ☐ Two conference opponents twice each (four games).
- Eastern Conference teams will play each West opponent once each (9 games):

- ☐ Some will play four at home and five away while others will play five at home and four away.

The West opponents each team faces at home and away will be reversed in 2013.

POINT SYSTEM: Teams will receive three points for a win, one point for a tie and zero points for a loss.

REFEREES: All referees in MLS are either USSF (United States Soccer Federation) or CSA (Canadian Soccer Association) National Referees. All MLS games played in the US will be assigned by USSF and all games played in Canada will be assigned by CSA.

GAME CLOCK: The official game time for all Major League Soccer games will be managed on the field by the referee. If necessary, the referee may also allot extra time (a.k.a. “stoppage time”) at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff matches) to allow for injuries, time-wasting or other disturbances.

The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute. Events occurring during stoppage time will follow the international norm by being demarcated with a “+” sign and the extra minutes. For example, a goal scored three minutes into first half stoppage time will be officially identified as happening at “48+.”

GAME DAY ROSTERS: Each team can nominate 18 players for a game day roster. Teams are allowed three substitutions per game.

CAUTIONS AND SUSPENSIONS: A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction that resulted in his being awarded a yellow card. A second suspension of one game would result after the awarding of an additional three cards, as would a third suspension after the awarding of card number eleven. With the “Good Behavior” incentive, it is possible for

a player to have a caution expunged. If a player goes three games without receiving a yellow card, after an initial warning, the player will have one yellow card expunged. A player may take advantage of the "Good Behavior" incentive only once throughout the season.

MLS CUP PLAYOFFS: FORMAT

WHO QUALIFIES: Ten teams, the top five in points from each conference at the end of the regular season, qualify for the 2012 MLS Cup Playoffs.

The fourth and fifth place teams in each conference will play a single knockout game, the winner of which will advance to the Conference Semifinals and face the first place team in the conference.

The four Conference Semifinals will be decided by two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

The two Conference Championships will be decided by a two-game aggregate series, with the lower seed hosting the first leg and the higher seed hosting the second leg. If the aggregate score is tied after 180 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

MLS Cup will be a single championship match hosted by the higher seed. If the score is tied after 90 minutes of play, two 15-minute extra time periods will be played in their entirety, followed by penalty kicks, if necessary.

TEAM-STANDINGS TIE-BREAKING PROCEDURES

The team awarded the highest position in the MLS standings will be the team with the greatest number of points (three points for a win, one point for a tie, zero points for a loss). In the event that two teams finish the regular season with an equal number of points, the following system will be used to break the tie:

- 1) The highest position shall be awarded to the team with the better win/loss record in current regular season games against all other teams equal in points. (head-to-head competition)

- 2) If the teams are still equal in the standings, the highest position shall be awarded to the team with the greater goal difference against all other teams during the regular season. (goal differential)
- 3) If the teams are still equal in the standings, the highest position shall be awarded to the team scoring the greatest number of total goals against all other teams during the regular season. (total goals)
- 4) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played on the road by each team against all other teams during the regular season. (road 1-3)
- 5) If the teams are still equal in the standings, the procedures described in this section shall be applied only to games played at home by each team against all other teams during the regular season. (home 1-3)
- 6) If the teams are still equal in the standings, the highest position shall be awarded to the team with the fewest team disciplinary points in the League Fair Play table during the regular season.
- 7) If the teams are still equal in the standings, the highest position in the standings shall be determined by the toss of a coin.
- 8) The first tiebreaker in a three-way tie is also head-to-head, but it is determined via points-per-game versus the other two teams. If two teams are tied in points-per-game head-to-head, the next tie breaker is goal difference.

NOTE: If two teams remain tied after another teams with the same number of points advances during any step, the tie breaker reverts to step 1 of the two-team format.

2012 MLS PLAYER RULES AND REGULATIONS SUMMARY

I. MLS ROSTER COMPOSITION

A Major League Soccer club's first team roster is comprised of up to 30 players. All 30 players are eligible for selection to each 18-player game-day squad during the regular season and playoffs.

Salary & Budget:

- Players occupying roster spots 1-20 count against the club's 2012 salary budget of \$2,810,000, and are referred to collectively as the club's Salary Budget Players.
 - ☐ Roster spots 19 and 20 are not required to be filled, and teams may spread their salary budget across only 18 Salary Budget Players.
 - ☐ A minimum salary budget charge will be imputed against a team's salary budget for each unfilled senior roster slot below 18.
 - ☐ The maximum budget charge for a single player is \$350,000.*
 - ☐ A Designated Player over the age of 23 counts as \$350,000 against the club's salary budget, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.
 - ☐ A Designated Player 20 years old or younger** (referred to as Young Designated Players or Young DPs) to counts as \$150,000 against the club's salary budget
 - ☐ A Designated Player 21-23 years old** counts as \$200,000 against the club's salary budget.
 - ☐ The budget charge for the midseason signing of a Young DP is \$150,000 and this amount cannot be lowered with allocation funds.
 - ☐ Clubs will not have to buy the third DP roster slot to accommodate a Young Designated Player whereas clubs are normally required to buy that slot for a one-time fee of \$250,000.
 - ☐ Clubs are responsible for all amounts above the budget charge for all Designated Players.

**See section entitled Allocation Money below, under Player Acquisition Mechanisms, for details on buying down a player's budget charge.*

***Age of player is determined by year (not date) of birth.*

- Players occupying roster spots 21-30 do not count against the club's salary budget, and are referred to collectively as the club's Off-Budget Players (maximum of 10 per team).
 - ☐ All Generation adidas players are Off-Budget players.
 - ☐ Players occupying roster spots 1-24 will earn at least \$44,000 in 2012.
 - ☐ Players occupying roster spots 25-30 will earn at least \$33,750 in 2012.
 - ☐ Clubs may elect to leave up to two of these roster spots (25-30) vacant and use \$35,000 for each empty spot as allocation money.
 - ☐ Clubs may sign up to two Homegrown Players contracts above the minimum salary and similar to Generation adidas player contract amounts.

Age Designations:

- Any player making \$33,750 must be under the age 25 (does not turn 25 or older in 2012).

Domestic/International:

- In 2012, a total of 152 international slots are divided among the 19 clubs. Each club began with eight international slots, which are tradeable. There is no limit on the number of international slots on each club's roster.
 - ☐ The remaining roster slots must belong to domestic players. For clubs based in the United States, a domestic player is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status).
- The three MLS clubs based in Canada – Montreal Impact, Toronto FC and Vancouver Whitecaps FC – began with eight international slots, but their domestic slots may be filled with either Canadian or U.S. domestic players.
 - ☐ MLS clubs based in Canada are required to have a minimum of three Canadian domestic players on their rosters.
 - ☐ Players with the legal right to work in Canada are considered Canadian domestic players (i.e., Canadian citizen, permanent resident, part of a protected class).

NOTE: The terms Homegrown and Generation adidas are used to describe mechanisms by which players are acquired. They are not roster designations. All players' roster slots are determined by their compensation and/or age as outlined above.

II. PLAYER ACQUISITION MECHANISMS

MLS teams may acquire players and add them to their rosters via the following mechanisms:

(A) ALLOCATION RANKING

The allocation ranking is the mechanism used to determine which MLS club has first priority to acquire a U.S. National Team player who signs with MLS after playing abroad, or a former MLS player who returns to the League after having gone to a club abroad for a transfer fee. The allocation rankings may also be used in the event two or more clubs file a request for the same player on the same day when the discovery period opens in December. The allocations will be ranked in reverse order of finish for the 2011 season, taking playoff performance into account.

Once the club uses its allocation ranking to acquire a player, it drops to the bottom of the list. A ranking can be traded, provided that part of the compensation received in return is the other club's ranking. At all times, each club is assigned one ranking. The rankings reset at the end of each MLS League season.

Allocation Money

Allocation money is a resource available to clubs in addition to their respective salary budgets.

A club may receive allocation money for:

- (1) Failure to qualify for the MLS Cup Playoffs;
- (2) The transfer of a player to a club outside of MLS for value;
- (3) Expansion status;
- (4) Qualification for the CONCACAF Champions League;
- (5) Trading in up to two Off-Budget roster spots;
- (6) Funds from purchased third designated player roster spots.

Each year the MLS Competition Committee determines the allocation amount to be made available to each club. Allocation money can be traded by clubs. Allocation money does not count against a club's salary budget and can be used:

- To sign players new to MLS (that is, a player who did not play in MLS during the previous season).

- To re-sign an existing MLS player, subject to League approval.
- To "buy-down" a player's salary budget charge below the League maximum of \$350,000.
- In connection with the exercise of an option to purchase a player's rights or the extension of a player's contract for the second year provided the player was new to MLS in the immediately prior year.

NOTE: To protect the interests of MLS and its clubs during discussions with prospective players or clubs in other leagues, amounts of allocation money held by each club will not be shared publicly.

(B) DESIGNATED PLAYER

The Designated Player Rule allows clubs to acquire up to three players whose salaries exceed their budget charges, with the club bearing financial responsibility for the amount of compensation above each player's budget charge. Designated Player slots may be used to acquire players new to MLS or to retain current MLS players, subject to League approval.

In 2012, a Designated Player over the age of 23** will carry a salary budget charge of \$350,000, unless the player joins his club in the middle of the season, in which case his budget charge will be \$175,000.

A Designated Player 20 years old or younger** counts as \$150,000 against the club's salary budget and a Designated Player 21-23 years old counts as \$200,000 against the club's salary budget.

Clubs have the option of "buying down" the budget charge of a Designated Player with allocation money. The reduced charge may not be less than \$150,000.

The budget charge for the midseason signing of a young Designated Player (23 years old and younger) is \$150,000 and this amount cannot be lowered with allocation funds.

Each club has two Designated Player slots and clubs are allowed to "purchase" a third Designated Player slot for a one-time fee of \$250,000 that will be dispersed in the form of allocation money to all clubs that do not have three Designated Players. Clubs will not have to buy the third DP roster slot to accommodate Designated Players 23 years old and younger.

Designated Player slots are not tradeable.

** Age of player is determined by year (not date) of birth.

(C) SUPERDRAFT

The 2012 MLS SuperDraft, held Jan. 12 in Kansas City, Mo., consisted of two rounds of 19 picks for a total of 38 player selections. A supplemental draft was held Jan. 17 via teleconference and consisted of four rounds of 19 picks.

The majority of draft prospects are NCAA college seniors who have exhausted their college eligibility. Generation adidas players and non-collegiate international players are also eligible for selection in the SuperDraft and supplemental draft. Clubs may nominate players for the League's draft-eligible list, and only players from that list may be selected.

Generation adidas is a joint program between MLS and adidas that is dedicated to developing exceptional domestic talent in a professional environment. Each year, a handful of top domestic underclassmen and youth national team players are signed to the league and placed in the SuperDraft through this program. Generation adidas players also receive an educational stipend.

Draft Order: The Montreal Impact held the first overall selection in the 2012 MLS SuperDraft as expansion clubs are always given the top spot in the SuperDraft and the Supplemental Draft. The next eight selections went to clubs that did not qualify for the 2011 MLS Cup Playoffs beginning with the club with fewest regular season points (3 points per win, one point per tie). The remaining ten positions were ranked by fewest regular season points among the teams that were eliminated in the same round of the MLS Cup Playoffs.

Unless claimed on waivers, a player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign with the League, is placed on that team's "College Protected List" until the second December 31 following the draft in question, after which the team loses the rights to the player.

(D) TRADES

Players, SuperDraft and Supplemental draft picks, allocation money, allocation rankings, and international player slots may all be exchanged in trades approved by the MLS League Office, provided all of the necessary rules regarding roster and salary budget compliance are met and the trade is completed during a valid trading period. No trades may occur after the Roster Freeze Deadline of September 15, 2012 at 5 p.m. ET.

(E) DISCOVERY SIGNINGS

Clubs may make discovery claims on players not yet under MLS contract who are not subject to the allocation ranking or lottery mechanisms.

Each club has the opportunity to make six discovery signings per season (expansion teams may make 10 discovery signings in their inaugural season). A club may have up to 10 discovery claims on unsigned players at any time and may remove or add players at any time. The last day for discovery player signings is September 15, 2012 – coinciding with the roster freeze date and trade deadline.

The six discovery signings can be used to fill senior roster spots only. If multiple clubs claim the same player using a discovery, the club that filed the claim first will have first rights to the player. Discovery claims expire following each season. If the League and player are unable to reach an agreement during the season, the club that first filed the discovery retains the right of first refusal in the event the player is later signed by the League.

NOTE: To protect interests of MLS clubs in scouting and negotiations with prospective players, the League office will not publicize the names of players on club discovery lists, nor specify if a discovery claim has been filed on a particular player.

(F) HOMEGROWN PLAYER SIGNINGS

A club may sign a player to his first professional contract without subjecting him to the MLS SuperDraft if the player has trained for at least one year in the club's youth development program and has met the League's Homegrown Player criteria. Players joining MLS through this mechanism are known as Homegrown Players.

There is no limit to the number of Homegrown Players a club may sign in a given year.

(G) RE-ENTRY PROCESS

The 2012 Re-Entry Process will commence after MLS Cup. The priority order for the Re-Entry Draft is reverse order of finish in 2012, taking into account playoff performance.

Available to all teams in Stage 1 of the Re-Entry draft will be:

1. Players who are at least 23 years old and have a minimum of three years experience in MLS whose options were not exercised by their clubs (available at option salary for 2013).
2. Players who are at least 25 years old with a minimum of four years of MLS experience who are out of contract and whose club does not wish to re-sign them at their previous salary (available for at least their 2012 salary).
3. Players who are at least 30 years old with a minimum of eight years of MLS experience who are out of contract and whose club

does not wish to re-sign them (available for at least 105% of their 2012 salary).

Players who are not selected in Stage 1 of the Re-Entry Draft will be made available in Stage 2. Clubs selecting players in Stage 2 will negotiate a new salary with the player.

Players who remain unselected after Stage 2 will be available to any MLS club on a first come, first serve basis.

(H) WAIVERS

A team may place a player on waivers at any time during the regular season at which point he is made available to all other teams. The waiver claiming period shall commence on the first business day after the League delivers notice to teams and shall expire at 5 p.m. EST on the second business day after the Waiver Period Commencement Date. The claiming period is 48 hours.

The Waiver Draft order is determined via points per game once all teams have played at least three MLS League games. If the waiver takes place prior to all teams playing in at least three League games, priority shall be granted based upon the prior year's performance, taking playoff performance first, with teams eliminated from playoff contention at the same stage separated according to their point totals through the end of the regular season. New expansion teams shall be at the bottom of the waiver order.

Once a team selects a player off waivers, that club is automatically moved to the bottom of the priority list for subsequent waiver selections in a given season, regardless of its points-per-game total. Players who may be placed on the MLS waiver wire are as follows:

1. A player waived by an MLS team in the current season;
2. A player who completed his college eligibility within the past season, who was not made available in the SuperDraft or Supplemental Draft;
3. A player who has remaining college eligibility (and was not made available in the SuperDraft or Supplemental Draft), but the League at its discretion and after taking into account exceptional circumstances determines the player may be offered an MLS contract;
4. A player who has played in MLS previously where his last MLS team does not wish to exercise their right of first refusal, except in the case of returning U.S. National Team players as stated above.

5. A player who was drafted in the SuperDraft or supplemental draft, and who after a trial with the club is not offered a contract by the first Monday of June.

(I) LOTTERY

Some players shall be assigned to MLS teams via the weighted Lottery process. Any team assigned a player through the lottery in any particular season shall not be assigned another lottery player that season unless and until all teams have received a lottery player or have agreed to waive their option to participate in a Lottery. The players made available through lotteries include:

1. *Generation adidas* players signed after the MLS SuperDraft;
2. Draft eligible players to whom an MLS contract was offered but who failed to sign with the League prior to the Draft.

The weighted lottery takes into consideration each team's performance over its last 34 regular season games and the most recent postseason. The team with the worst record over its last 34 regular season games (dating back to previous season if necessary and taking playoff performance into account) will have the greatest probability of winning the lottery. Teams are not required to participate in a lottery. Players are assigned via the lottery system in order to prevent a player from potentially influencing his destination club with a strategic holdout.

(J) EXTREME HARDSHIP CALL-UPS

Teams may add players to their roster in cases of "extreme hardship" as follows: (1) a club with three goalkeepers on its 30-man roster, but has less than two available goalkeepers or (2) a team has less than 15 available players. Extreme hardship call-ups are made on a game-by-game basis.

(K) SEASON-ENDING INJURY REPLACEMENTS (Season Ending Injury List)

A team with a player lost to a season-ending injury can place the player on the Season Ending Injury List and replace that player on its roster, while remaining responsible for the full amount of the injured player's salary. A player can be placed on the season-ending injury list once another player has been signed as a replacement (provided the team has budget space). International player limits still apply at the time a season-ending replacement is made (with the player being replaced not counting against those limits).

(L) SHORT-TERM INJURY REPLACEMENTS (Disabled List)

A player who has a short-term injury can be placed on the Disabled List once another player has been signed as a replacement (provided the team has budget space). The team will remain responsible for the full amount of the injured player's salary on the salary budget. Note: the injured player will have to sit out a minimum of six MLS League matches before he can rejoin the team's roster. International player limits still apply at the time a short-term replacement is made (with the player being replaced not counting against those limits).

NOTE: No changes may be made to a team's active full roster during the period beginning on September 16, 2012 (day after Roster Freeze Date) through the day after MLS Cup. Nevertheless, a team may obtain players in accordance with the extreme hardship rules and procedures to replace players who are injured or otherwise legitimately unavailable after the Roster Freeze Date. Any other replacements after the Roster Freeze Date may only be made in exceptional circumstances in the League's sole and absolute discretion.

(III.) METHODS OF RELEASING PLAYERS**(A) WAIVERS**

Teams may waive players based on performance at any time during the MLS season. Players with guaranteed contracts will continue to have their salary budget charge applied to the team salary budget, subject to any settlement. Players on semi-guaranteed contracts can be waived prior to July 1 of any year and free up the corresponding budget space. If a player on a semi-guaranteed contract is waived after July 1, his salary budget charge will count against the team's salary budget and the team waiving the player will not receive a replacement except under the normal player acquisition mechanisms. Any settlement amount will be charged to the team's salary budget.

(B) TRANSFERS AND LOANS

An MLS player may be transferred or loaned at any time to a team outside the League (subject to that team's Federation's transfer window), subject to the consent of the player.

The registration windows – the dates between which MLS may request the transfer certificate of a player under contract in another country – are as follows:

January 21 – April 15 (Primary Window)

June 27 – July 27 (Secondary Window)

(C) CONTRACT EXPIRATION

When a player's contract expires, the player does not count against the roster or budget of the team in question. Subject to the Re-Entry Draft rules, a team retains the rights to the player indefinitely following the expiration of a contract only if attempts were made to re-sign the player.

(D) BUYOUT OF GUARANTEED CONTRACT

Teams may have the ability to buyout one guaranteed player as follows:

A Team may buy out one (1) guaranteed player (including a DP's) contract during the off-season and free up the corresponding budget space. Such a buyout is at the particular MLS Team's own expense.

A Team may not free up budget space with a buyout of a player's salary budget charge during the season. Such a buyout will be conducted by the League and count on a Club's budget in a manner consistent with current MLS guidelines.

(IV.) RIGHT OF FIRST REFUSAL

Right of first refusal grants one MLS club the first opportunity to add a player to its roster in the event that the player signs with MLS. Holding a right of first refusal applies only within MLS and does not indicate holding of the player's International Transfer Certificate.

OUT OF CONTRACT PLAYERS / OPTIONS NOT PICKED UP: Subject to the Re-Entry Draft rules, a team retains the right of first refusal to the player indefinitely only if attempts were made to re-sign the player.

DRAFTED BUT NOT SIGNED: A player who was drafted by a particular team through the SuperDraft or supplemental draft and did not sign, or who as of the first Monday in June is not offered a contract after a trial and clears waivers, is placed on that team's "College Protected List" until the second December 31 immediately following the draft in question, after which the team loses the rights to sign the player.

PLAYER TRANSFERRED OUTSIDE MLS: If a team receives allocation money as a result of a player's transfer, the team does not retain a right of first refusal.

HISTORY OF SOCCER IN SEATTLE

Capacity crowds at Seattle's Memorial Stadium (above) in the early 1970's helped pave the way to a move to the Kingdome (below).

SEATTLE SOUNDERS (1974-1983)

The tradition of professional soccer and the Sounders brand began with the arrival of the North American Soccer League expansion franchise. For 10 seasons they were successful and entertaining on the field, attracting some of the league's largest crowds. Just as important, the original Sounders created a legacy of developing local players capable of reaching the highest levels of the game.

In some respects, the Sounders paved the way for Seattle securing an NFL expansion franchise a year later. The founding ownership group featured six of the same partners, including Lamont Bean, Howard S. Wright, Lynn Himmelman, David Skinner, Lloyd Nordstrom and Herman Sarkowsky.

The Sounders played their first two seasons outdoors and under the Space Needle. Located on the Seattle Center campus, Memorial Stadium provided a central location and an intimate setting, although the crowds soon outgrew the initial 13,000-seat capacity. In fact, Seattle was the first NASL team to draw a sellout and did so for nine of the final 16 games at Memorial.

With the completion of the Kingdome, the Sounders moved south in 1976, and a sold-out preseason game against Pele and the Cosmos set a North American attendance record of 58,128.

From the outset, the Sounders played an energetic, entertaining style while utilizing British veterans and young, mostly local, North American players. Although it won only two division titles, Seattle finished with winning records in seven of 10 seasons, twice reached the championship game, Soccer Bowl, and in 1980 the Sounders won 25 matches – the most in NASL history.

In each Soccer Bowl, Seattle met the star-studded New York Cosmos. The 1977 final marked the final competitive game for Pele. The Sounders only major trophy was the 1981 Trans-Atlantic Challenge Cup, a midseason tournament involving the Cosmos, England's Southampton and Scotland's Celtic.

The NASL and Sounders peaked in popularity by 1980, and over the following two seasons attendance declined while the number of teams dropped from 24 to 13. Seattle bowed out after the 1983 season, and a year later the league halted operations.

FC SEATTLE STORM (1984-90)

It can be argued that the rebirth of professional soccer in North America began with FC Seattle. In 1984, a year after the original Sounders folded, a new team surfaced with a new objective: to cultivate the best local talent and test it against the best in the business.

Funded by Eastside businessman Bud Greer and with former Sounders player and coach Jimmy Gabriel serving as coaching director, FC Seattle's approach was to create a pyramid system of youth teams feeding a senior men's program. That philosophy ran counter to the NASL era, when foreigners comprised the bulk of the roster and domestic players were in the minority.

Beginning with a summer series of friendlies against NASL teams and the U.S. National Team at Memorial Stadium, FC Seattle held its own and attracted an average of 6,669 fans. The first win came in Vancouver against the Whitecaps, 2-1.

In 1985, the stakes were raised and a league took root. With the NASL now disbanded, clubs from Europe, Mexico and South America were brought to Seattle. However, when British teams faced a worldwide travel ban, FC Seattle was forced to band together with other fledgling clubs to form the Western Soccer Alliance. That became the forerunner of the American Professional Soccer League or, as it was more widely known, the A-League.

Drawing on a mixture of former Sounders and stars from both Seattle Pacific Univ. and Washington collegiate programs, Seattle played a mixture of league and foreign exhibitions through 1988. That campaign culminated with Seattle winning the Western Soccer League championship and, later, making a five-match postseason tour of England. The Storm nickname was adopted prior to the 1989 season.

In 1990, the WSL merged with the East Coast's American Soccer League to form the APSL. In all there were 22 teams, but in 1991, with costs rising due to nationwide travel, membership fell to only nine clubs, and Seattle was not among them. After going dormant, it ceased operations altogether in 1992, although the brand was resurrected and used by an entry in the regional Pacific Coast League through 1995.

SEATTLE SOUNDERS (1994-2008)

In 1994, the World Cup was coming to America and, riding the resulting new wave of enthusiasm, professional soccer returned to Seattle after a three-year absence. The Sounders name was revived and the club, owned by Scott Oki and coached by Alan Hinton, joined the American Professional Soccer League.

From the outset, the Sounders nucleus was largely formed by homegrown talent. Hinton tapped into the college players being produced at both Seattle Pacific and Washington, and added experience in the form of past pros with local connections.

When Seattle won the 1995 A-League championship in its second season, eight of the 13 players who saw action originally came from the surrounding area's youth leagues. In 1996, when the Sounders repeated, nine starters were local products. Player/coach Neil Megson had been with both the original Sounders and Tacoma Stars for a total of nine seasons.

MLS opened play in 1996, and the A-League was thereafter classified as second division. Consequently, many of the top players were lured elsewhere. The Sounders remained competitive, qualifying for the playoffs in all but two of their 15 seasons and winning five divisional crowns.

In 2002 under the management of new majority investor Adrian Hanauer and the coaching of Brian Schmetzer, the club reached for new goals. Hanauer led the local effort to land a new MLS team and also moved the team from Memorial Stadium to the newly-completed CenturyLink Field. In fact, in the stadium's first event, the Sounders played to a USL record crowd of 25,515.

On the field, Seattle won a club-record 23 games in Schmetzer's first season. From 2004-07, it advanced to the USL championship game three times, winning twice. In U.S. Open Cup play, the Sounders eliminated four MLS teams in reaching back-to-back semifinals in 2007 and '08.

XBOX PITCH AT CENTURYLINK FIELD

In 1996, Paul G. Allen obtained an option to purchase the Seattle Seahawks and launched a campaign to win public support for a new world-class football/soccer stadium and exhibition center. Six years later, the dream became reality as the Seahawks opened the 2002 preseason against the Indianapolis Colts in new Seahawks Stadium. The stadium was renamed Qwest Field in 2004 and in 2011 became CenturyLink Field. The facility, built atop the site of the Kingdome, is not only home to the Seahawks, but the stadium accommodates many levels of soccer competition, including Major League Soccer, amateur, international, World Cup and collegiate soccer.

CenturyLink Field is designed with a 67,000 seat capacity (38,500 for MLS regular season), with 5,000 additional seats available for special events, and 1,400 seats for fans with disabilities. With a roof covering 70 percent of the seating area, fans enjoy wide, comfortable seats with side-line seating. The facility also features a dozen elevators and expansive concourses with an ample provision of concessions stands and restrooms.

In 2009, CenturyLink Field was awarded the "Event Recycling Award" from the Washington State Recycling Association. As a host for over 300 events and more than 1.5 million visitors annually, CenturyLink Field and CenturyLink Field Event Center recycled 70 percent of more than 1,100 tons of waste material generated; including paper products, plastics, co-mingled metals, wood and compost. For more information about the home of Sounders FC, go to centurylinkfield.com.

CENTURYLINK FIELD FUNDING

The \$430 million facility is owned by the public and was funded by a private-public partnership. Private contributions totaled at least \$130 million, while the public contributed up to \$300 million through a lottery and a variety of taxes generated by events in the stadium/exhibition center.

A breakdown of the funding package:

- \$130 million private investment led by Paul Allen
- \$127 million from new, sports related games, similar to the Mariners' baseball-themed scratch games
- \$101 million in sales taxes collected in King County attributable to events in the stadium/exhibition center
- \$56 million from facility admission and parking taxes
- \$15 million from extending King County's share of the existing hotel-motel tax
- \$1 million per year of in-kind advertising for the new lottery games will be provided by Paul Allen
- All excess stadium revenues will fund youth athletic facilities throughout Washington State in addition to a \$10 million contribution from Paul Allen
- Paul Allen agreed to pay for any construction cost overruns
- As an added measure, the debt on the Kingdome was retired, freeing property taxes for other purposes

FIRST & GOAL INC.

In June of 1997, Washington State voters approved a funding package to build a new football/soccer stadium and exhibition center. With that, Paul G. Allen and Football Northwest created First & Goal Inc., an entity that represented the interests of CenturyLink Field in the construction of the new stadium and now manage the stadium and event center on a daily basis.

ROSS FLETCHER PLAY-BY-PLAY

Ross Fletcher begins his first season with the Sounders FC broadcasting team as the club's play-by-play announcer. The "Voice of the Sounders FC" can be heard on all television and radio broadcasts.

Fletcher has spent the last five and a half years as a football commentator and reporter for the national stations BBC Radio 5 Live and BBC Radio 5 Live Sports Extra, covering the English Premier League and the Championship. For the past year he has also been a regular voice across the station's schedule as a sports bulletin presenter.

For seven years Fletcher was the voice of Derby County for BBC Radio Derby, commentating on the English Premier League and Championship. His most memorable call was the 2007 Championship playoff final in which Derby beat West Bromwich Albion in front of 75,000 fans at Wembley Stadium. During his time

KASEY KELLER ANALYST

Kasey Keller begins his first year in the broadcast booth as the club's analyst after spending the previous three seasons in Seattle's net.

Keller completed his 20-year professional career in 2011 by earning MLS Goalkeeper of the Year and Best XI honors. He served as the Sounders FC captain and was an All-Star selection each of his three seasons. From 1991 to 2008 the Olympia, Washington native played in Europe while accumulating U.S. National Team goalkeeping career records for most caps (102), wins (53) and shutouts (47). MEDIA POLICY

CREDENTIALS

Season media credentials will be issued to recognized newspapers, magazines, television and established radio stations making reasonable requests. To qualify, an outlet must cover 18 of the club's home games. Because of limited photo credentials, it is impossible to grant freelance photographer access unless assigned to shoot for a specific story or project.

ROAD CREDENTIALS

Members of the Sounders FC's media traveling to road games should submit requests for credentials to the Communications Department no later than five (5) business days prior to the road game.

MEDIA WILL CALL

Members of the media needing to pick up passes at the game will find the Media Will Call booth located at the Southwest corner of CenturyLink Field. Each person must pick up his or her own credential and present corresponding photo identification. Media Will Call opens two hours prior to the scheduled kickoff. All media must enter through the press gate entrance located at the Southwest Entrance. Media credentials will not be honored at any other entrance. All credentials are non-transferable, and any unauthorized use will subject the bearer to ejection from CenturyLink Field and confiscation of the credentials.

BROADCAST

In making requests for broadcast credentials, please specify requirements for spotters and/or statisticians. These services must be arranged in advance, and once they are made the statisticians must be compensated whether used or not. Broadcast booth locations are located in the CenturyLink Field press box.

PARKING

A limited number of parking passes are available for working media. Members of the media seeking parking passes are advised to make their requests as early as possible. Please note that Sounders FC will not be able to accommodate all requests.

A limited number of TV news trucks will be allowed to park on the CenturyLink Field east

access road. TV trucks which provide satellite, uplink or microwave functions will need to make prior arrangements with Kurt Shaffer, Director of Technical Services for First & Goal, Inc. (kurtsh@firstandgoal.com or 206-381-7220).

PRESS BOX

The Gary Wright Press Box at CenturyLink Field is located on the suite level on the west side of the stadium. The press box will open two hours before kickoff. Admittance is limited to working media members with valid credentials. The press box is intended for the purpose of providing a work place for writers, reporters, broadcasters and game personnel. It is imperative that season pass holders notify the communications staff of their intention to cover a game in order to receive press box seating. Family members and guests will not be accommodated in the press box. Abuse of press box press privileges will result in forfeiture of a press pass.

TELEPHONE/WIRELESS ACCESS

Several pool phones are placed throughout the press box. Remember pool phones are to be shared. Courtesy hard lines are available in the photo room. CenturyLink Field offers wireless internet access in all areas of the press box and photographers' work room. The access is free of charge and works with all wi-fi enabled computer equipment. Media wishing to pay for dedicated LAN connections should contact the Communications Department.

GAME NOTES/STATISTICS

Game notes and statistics will be available in the press box. Statistics will be distributed to each seat throughout the game at halftime and 10 minutes following the game. Periodic announcements will also be made during the game.

LOCKER ROOM ACCESS

Following the conclusion of the game, a postgame news conference will be held in the NFL Visiting Media Room near both the Home and Visiting Locker Rooms in the south end of CenturyLink Field. At the end of the news conference the locker room will be open to media. Sounders FC and visitor locker rooms are located near the Southeast tunnel on the field level. Your cooperation and profes-

sional courtesy is asked in maintaining a proper working atmosphere for postgame interviews. Absolutely no autographs are allowed during media access periods.

Media cell phones - No media may use a cell phone at any time inside the locker room. Media members may carry their cell phones into the locker room but may not use them to place or take calls, or to take photos.

FIELD ACCESS

Only working newspaper, magazine and network TV photographers and club/stadium officials are permitted on the field during the game. Press Box passes will not be honored for field admittance at any time, unless authorized by Seattle Sounders FC.

PHOTOGRAPHERS

ENG crew and still photographers holding proper credentials may position themselves along either endline at field level. Immediately prior to each match, photographers who wish to shoot the traditional pre-game team photo will be escorted on cue to the midfield sideline by photo marshals. Photographers will be instructed to walk only on the sidelines—never on the field of play—en route to these temporary sideline positions. Once team photos have been taken, photographers will be directed to quickly return to their endline photo positions. During the match, photographers are advised that they have restricted freedom of movement. At no time during the match can photographers shoot from directly behind the goal. Also, movement from one end of the field to the other is allowed only at halftime on the sideline opposite the team benches. Still photographers DO NOT have access to the locker rooms at any time.

PHOTOGRAPHER PHOTO BIBS

Each accredited photographer will be issued a specially designed photo bib/vest provided by Sounders FC for identification purposes as a mandatory supplement to the credential. The photo bib serves as a temporary access control device and must be returned to the photo marshals area at the end of each match. The photo bib must be worn at all times while present at any photo position. Photographers in unauthorized shooting positions or not wearing a bib risk suspension of their credential. All photographers are required to wear a vest that must be

obtained prior to the match in the Photographers' Workroom.

PHOTOGRAPHERS' WORKROOM

The Photographers' work area is located at the back of the press box.

MEALS

Food and beverages are available to working members of the media in the Press Box and Photographers' Workroom.

DURING THE WEEK

Training Access

During the regular season, training sessions typically run 75-90 minutes and usually begin at 10 a.m. Training times can and frequently do vary. Members of the media who intend to cover training sessions on a regular basis should call the Sounders FC Communications Department to obtain the latest training schedule information. Training sessions will, in general, be open to the media, but they may be closed at the discretion of the head coach. No media members are allowed into the locker room before, during or after training sessions.

Interviews

Interviews that require advance preparations or special accommodations by a Sounders FC player or staff member should be made by calling or e-mailing the Sounders FC Communications Department.
